Welcome to the Ocean City Film Festival

On behalf of the Board of Directors, staff, and members of the Art League of Ocean City, we welcome you to this 2nd annual event. As a nonprofit arts organization, we are committed to expanding the cultural offerings in the Ocean City area, and are confident you will enjoy the diversity of the nearly 100 films selected for screening.

This is an opportunity for independent filmmakers from around the world to tell their stories through documentaries, animations, shorts, and feature length films. The festival is also a networking opportunity for both the filmmakers and the festival goers, to meet others who share their passion for film and storytelling.

I commend our Festival Artistic Director, William Strang-Moya, and his Co-Director, Kristin Helf, for their vision and hard work. We are grateful to all of our sponsors, venues, committee members, and volunteers who have made the Ocean City Film Festival possible. Enjoy the films, and we hope to see you back as we grow this festival in the future.

*Rina Thaler - Festival Supervisor
Executive Director – Art League of Ocean City*

The Ocean City Film Festival is our initiative to build a culture for filmmakers in the region.

For a second year, we are happy to provide a platform for independent filmmakers from near and far. Again this year, our selections will showcase

local artists and works from all around the world.

After months of extensive planning, we have curated our films on the idea that each film is both purposeful and personal to their respective filmmakers. Film is our way of engaging the community through art and uniting the artists with their audience through creative vision. This endeavor would not have been made possible without the Art League of Ocean City and our many sponsors. Thank you.

*William Strang-Moya - Festival Artistic Director
Kristin Helf - Festival Co-Director*
